

KNOCK-OUT VINYL FLOORING

**Waterproof
UV Stability
Vinyl Flooring**

- Knock-Out Vinyl Flooring is sealed with a UV enhanced urethane coating, providing superior wear, stain, and scratch resistance.
- Durable 6mil commercial grade wear layer.
- Featuring an AC4 rating, which assures that you will have a durable floor that will work fantastic in residential, as well as commercial spaces.
- Premium vinyl applied with a glue down installation installs securely and easily.
- Phthalate free, meets the indoor air quality requirements of Floorscore.
- Knock Out boards are fade resistant, flexible, and lightweight.
- Suitable for areas exposed to water, knock Out planks go where other floors can't.
